

DAILY NEWS

TUESDAY, APRIL 27, 1880.

GEO. C JORDAN, Editor and Proprietor

The Jarvis men claim, of the counties which have held meetings, Trumbull, 4 votes; Bertie 13 votes, Henderson 7 votes; in all 24 votes! Judge Fowler's friends claim Granville, 24; New Hanover, 16; Pender, 12! Halifax, 17 in all 69 votes.

The New York *World* is still engaged in showing whom the students of various colleges support for the Presidency. In the New England colleges Blaine is the favorite of the Republicans, with Grant second and Sherman third choice, and Bayard of the Democrats; in the colleges of the Middle States the showing is the same; in the South, Grant is the favorite of the Republicans and Bayard of the Democrats; in the West, Blaine and Bayard lead the list. Taken altogether, the college sentiment of the country, which the *World* pretends is a fair test of the independent voter, is for Bayard or Blaine, with Grant as the second choice of the Republicans.

The three most prominent candidates for peerages in England are Sir Arthur Guinness, Sir Iver Guest and Sir Lawrence Polk. All of them are immensely wealthy, having made large fortunes in trade. It is said that a stipulation will be made with Sir Arthur Guinness that he retire from business—he is the great brewer—before he is made a nobleman. This is usual, but not universal, one of the lately made peers, Lord Palmer, not only refusing to give up his mills, but insisting on taking his title from the place which had given him the means to acquire his title. The only recommendations of these three new candidates is their wealth, none of them having ever done any public service, unless it be Sir Arthur Guinness, who restored St. Patrick's Cathedral, at Dublin, at a cost of nearly \$1,000,000.

For some time war-clouds have been gathering in China which may break any day. The Chinese animosity is directed principally against Russia, which is accused of bullying and cheating the Celestial Empire in the matter of the Kuldja treaty; but the Chinese are not nice in their distinction between foreigners, and are apt to rate all of them as of the same race and nation. In view of this fact, a number of French, English, American and German vessels have been massed at Tsin-Tsin, to be prepared for any emergency. The foreigner residing in Pekin and other Chinese towns are naturally nervous at the situation, and express the belief that if the war spirit of the people becomes any more aroused it will result in a general massacre of all non-Chinese residents. This hostile feeling is still further aggravated by exaggerated reports of the ill-treatment of Mongolians on the Pacific slope. It is said that the government even has the question under consideration whether it would not be well to arrest all Americans in China as hostages, to be treated in the same manner, beaten or massacred, as the Celestials are treated by Kearney's crowd in California.

The New York papers announce that the brickmakers in the vicinity of Kingston and above that point have commenced operations for the season. Some idea of the present magnitude of this industry may be gained from the fact that this season there will be not far from 175 different yards in operation between Tarrytown and Troy, varying in productive capacity from 20, to 150,000 bricks per day. Estimating the average capacity at 50,000 per day for a season of seven months, with a reasonable loss in burning and handling, together with bad weather, there will be a total product of over 1,000,000,000 bricks. Over 4000 men and boys it is stated, are employed, besides a large number of boatmen and bargemen. Nearly all the machinery of the yard is now run by steam. The bricks are still burned with wood, and it is estimated that about 60,000 cords will be required for the present season. Last year at the opening of the season over 115,000 bricks were still on hand, and prices ranged from \$35 to \$4. This spring the price is \$4—double that of last year—times are better and building operations are more brisk, and in view of these brighter prospects all the available yards, many of which have lain dormant for years, will now be run to their utmost capacity, and the total product will be largely in excess of any previous year.

A MENDMENT TO THE REVENUE LAW.

The special session of the General Assembly passed the following amendments to the laws of 1879 providing for the raising of revenue and for the levying and collection of taxes. Care has been exercised in preparation of these changes. It would perhaps be well for the State press to insert them:

CHAPTER 70, LAWS 1879.

Section 2, Class II, line 3, the words "before or" inserted between "act" and "since."

Section 10, Schedule B, amended, but not to take effect till July, nor to affect fiscal year ending Sept. 30. After that time, liquor dealers will pay 24 per cent on amount of purchases, instead of 5 as now and \$2.50 per month, license tax, instead of \$5. Retailers of malt liquors only will pay the \$2 per month instead of \$5.

Section 18, same schedule, line 8, "twenty" is made to read "twenty-two."

Section 20, of this schedule, is amended by requiring those who buy and sell horses or mules as a business to pay a tax of one-half of one per cent on amount of sales in each county, instead of an annual tax of \$5 for every county.

Section 22, same schedule, is improved by striking out useless verbiage, after the word "that," in line 13, down to, and including "viz." in line 16. In line 7, paragraph 2, of this section, all after "government" is stricken out, and the following inserted in its stead: "Nothing in this section shall prevent any person from freely selling under this section any live stock, vegetables, chestnuts, peanuts, fruits, oysters, milk, butter, fish, char, mape,

printed music, bibles, hymn books, or prayer books."

Same schedule, section 23, is amended by striking out \$5 for each county, as the annual tax required of itinerant lighting rod men, and substituting \$15.

In line 16 section 25, above schedule 1, twenty-one" is stricken out and twenty-two" inserted.

CHAPTER 71, LAWS 1879.

Section 9, sub-division 7, line 4, "medical" is stricken out and "unusual" inserted.

Section 13, sub-division 4, relates to the \$25 exemption of personal property. [The opinion of a State officer exempts wearing apparel in addition, to the above.]

Section 16 is amended so as to require the Auditor no longer to furnish sheriffs with tax lists bound in book form with pasteboard backs.

Section 17 is amended by changing the time for the two assessors for the county at large to make a tour of the county from between the 20th of June and second Monday in August, to between the 20th of June and second Monday in July. The valuation of real estate made in 1879 stands until changed by law, unless in cases of apportion or depreciation; but the assessors at large, with the assessors of each township, will equalize the valuation of all personal property, money and credits.

Section 18, as amended, fixes the second Monday in July as the time when the assessors in the townships shall return abstracts and the tax lists to the clerk of the commissioners. Section 18 is made section 19, and the remaining sections renumbered consecutively. This section, as renumbered, is amended, and fixes the second Monday in July as the time for the county commissioners to meet with the assessors for the county at large for the purpose of revising the tax lists.

Section 30, as amended, makes it the duty of the clerk of the commissioners or on, before the first Monday in November, after the lists are completed by the commissioners, as provided in section 19, renumbered, and deposited with him, to return to the auditor an abstract of the same.

Section 31, as renumbered, line 4, is amended by striking out "forty-one" and inserting "forty-two."

Section 45, renumbered, is stricken out, and a new section substituted. This section relates to the compensation of sheriffs on settlement, and is section 13 of chapter 40, laws special session 1880.

In line 20, section 47, as renumbered, the words "hand laid" should read "hand bid."

TUTT'S PILLS!

SYMPOMS OF A TORPID LIVER.

One of Appetite. Weak, languid appetite. Pain in the Head, with a dullness in the back part. Pain, under the shoulders, back, fulness after eating, with a desire to vomit, regular stools, piles gone, and gained forty pounds in weight.

Rev. H. J. SIMPSON, Louisville, Ky. They increase the Appetite, and cause the body to Thrive. They are the best Remedy, and by their Tonic Action on the Digestive Organs, Regular Stools are produced. Price 25 cents. 35 Murray St., N.Y.

IT IS WELL ADVISED TO USE THESE PILLS.

Miscellaneous.

Cuticura

REMEDIES

ave Achieved the most noted success of any Medicines of Modern Times.

Messrs. Weeks & Potter have never denied the specific properties of Cuticura, Cuticura being the only Remedy for the speedy, permanent, and economical cure of Ulcers, of the Bl. Ed. Skin and Scars. They are however astonished at their own success, and it would be expected that in the hands of some they could fall solely from spasmodic or ignorant use.

They are enabled to say without fear of contradiction that no remedies ever achieved the short space of one year the number of successful cures performed by the CUTICURA REMEDIES.

SALT RAUMH,
Covering the Body for ten Years,
Permanently Cured.

LAW OFFICE OF CHAR. HOUGHTON,
17 Congress Street, Boston, Feb. 28, 1878.

Messrs. Weeks & Potter Gentlemen—I feel compelled to call your attention to the fact, that a most disagreeable & obstinate case, say Rheumatism, which has been known to persons of all classes since its first appearance to the present time, about ten (10) years—cover'd a greater portion of the body, particularly with its peculiar irritant, & itching scab, and to which all the known methods of treatment were useless, has been applied with the best success, by Cuticura, cured, leaving a clean and healthy skin, under a few days of profuse application or Cuticura.

can and do heartily advise all similarly afflicted to try the remedy which has been so effectual in this case.

Very truly yours,
CHAR. HOUGHTON.

Liver Complaint.

And Dyspepsia Treated by the
Solvent. Galls 5-1/2 pounds on
One Bottle.

GENTLEMEN—I have had Liver Complaint and Dyspepsia, with running sores on the side of the body, for over eight years, and was not good. I have been spitting for eight years and it did me no good. Everything I ate distressed me. I took Cuticura to the doctor, he told me to try the Remedy and it helped me right off, and on one bottle I gained five and one-half pounds. It is saving the business, and saving my strength.

Yours truly,
JOHN H. ROY

414 Wabash Ave., Chicago, Ill., Nov. 15, 1878.

NOTE.—Cuticura is admirably assisted in cases of external physical weakness, when the virus of Scrofula is known to lurk in the system, by the internal use of the Cuticura Resolvent, without doubt the most powerful and rapid purifier and liver-stimulant in the world.

Cuticura Soap is an elegant toilet and medicinal article, especially adapted to treat all external ailments. For chapped hands, rough skin and tan, sunburn, and the lesser skin troubles, it is in demand, and secures the article of necessity and bath it's the most elegant, refreshing, and healing before the public.

These great remedies are all those articles in use fall because they possess new and original properties never before successfully combined in medicine.

These great remedies are prepared by Weeks & Potter, Chemists and Druggists, Boston, and sold by all Druggists. Price of Cuticura, small, 50 cents; large, 100 cents; two and one-half pounds, the quantity of small, \$1. Resolvent, \$1 per bottle. Cuticura Soap, 25 cents per cake; by mail, 30 cents; 3 cakes, 75 cents.

STARING IN IRELAND. No year of late while we order the present instrument Agents can make \$20 weekly, and it will be their own fault if they do not do clear \$50.

PHOENIX ESTABLISHMENT,
182 Fulton St., New York.

COLLINS' VOLTAGE ELECTRIC PLASTERS. Pain and Weakness cannot exist if they are applied. They will support Weak and Painful Parts; cure Chronic Ailments and Painful Livings and Kidneys, absorb Poisons from the Blood, and thus prevent Fever and Ague, Malaria and Contagious Diseases; stimulate the Stomach, and cure when placed over the pit of the stomach and prevent Dyspepsia, Bilious Colic, Cramps, and Pains.
